

THE MINUTES OF THE REGULAR MEETING OF THE MRAC HELD ON MARCH 5th, 1942.

THE Secy. called the meeting to order at 8:15PM and read the minutes of the previous meeting which were accepted as corrected. The minutes of the latest Board Of Directors meeting held at the home of Director Burrows were also read.

The roll was not called, however there were 26 men present of whom 21 were members.

The meeting was turned over to Pres. Kircher upon his arrival.

He called upon Al Krones who introduced Captain Holt of the Marine Corps. who read an Order dated March 4th stressing the urgent need of radio men in the Marine Corps. These Radio men upon qualifying will receive the rank of Staff Sergeant and the pay of \$72.00 per month to start. Captain Holt pictured in a very interesting fashion the History and present life in the Marine Corps. He welcomed suggestions from the membership as how to recruit men for this opportunity. He promised to be with us next Meeting night and to show us motion pictures of life in the Marine Corps.

Mr. Ruger presented Article 6 of the Articles Of Organization in the old form as compared with the proposed new revisions and amendments as passed by the Board of Directors. As there was not a Quorum of members present these amendments were not voted upon at this meeting.

Mr. Felber read a voluminous letter from ARRL telling how work is progressing toward reactivation of certain amateur stations and the gigantic Code Training Program that the ARRL affiliated Clubs are embarking upon.

Due to the few in attendance the usual Club Raffle was not held and the meeting was declared adjourned at 9:45PM.

Respectfully Submitted,

Reid H. Burrows
